SUPPORT

Since 1972, we have lived by one simple principle – you, the customer, are our most important asset.

We have put together a professional team that is ready to work with you. We manufacture your product at our Boise factory. Because we are the manufacturer of your product, we control the quality, and we can help you control the timeliness of your project.

Our skilled and knowledgeable sales staff is ready to help you with any of your printing projects. Our level of expertise spans from the simplest of envelopes, to very complex business forms and checks, to 500 page full color catalogs – and all types of projects in between.

Give us a chance to work with you on your next printing project. We know that you will be happy with the results – We Guarantee It!

FULL COLOR

SANDEN QUANTUM 1250 CM UV WEB PRESS

**8 COLOR PRESS, WITH VARIOUS
CONFIGURATIONS
(4/4, 5/3, 6/2, Etc.)**

- Perforate / Die Cut In-Line

BENEFITS OF UV INKS:

- UV inks are environmentally friendly.
- UV inks dry completely in a split second—your job is completely dry at the end of the press.
- UV inks allow us to print at speeds of 16 feet per second (1000 feet per minute).
- UV inks are extremely rub resistant. They do not migrate to the touch.
- UV inks provide a satin finish and less glare that makes text easier to read than other offset inks.
